

Hey guys, I am back ☺

Let me share something with you if you choose Belgium for your Erasmus. You can travel to France to the UK to The Netherlands, to Germany and so on. Everything is sooo close! :D Cool right? ;)

We went to Paris by bus and it was 15 euros. Can you believe that? If you go to Lille it is only 5 euros. So we are travelling almost every weekend.

We had the opportunity to visit Disneyland together. We bought cheese and wine and made our private French dinner. These kind of activities made us a family really. We are students from all over the world different nations different cultures and we love that feeling. Yes it's kind of a feeling! :) My closest friends are from Sweden and Canada but also I go out with my Vietnamese friend as well. You can make your own circle but at the end we are a group and everyone is friendly and welcoming.

Now I'm sure everything looks too perfect..No it's not! You will have some bad days when you feel homesick or just missing your friends. That's fine. The good thing is that you will have new friends who are always up for a beer! ;) And yes it is true Belgian beer is sooo good. :D

Important message: Don't feel bad if you can't afford traveling at all! You won't be alone :D It is always only the half of the group or less who can afford to travel. A lot of people stays at home so you can make plans with them. I saved money at Hungary so I could travel three times during my Erasmus. I advice you to save some extra money before your Erasmus (only if you can) so you can join the traveling group ;) We had so much fun!

In my next blog I will write you some advices about the Erasmus life in a foreign country. See you soon :\*
