

How to escape the quarantine

This is applicable only if you arrived (or you will arrive) to Hungary *after 10th September* and received a document called „*Tájékoztatás járványügyi megfigyelés ideiglenes intézkedésként történő elrendeléséről*” (https://www.bud.hu/file/documents/3/3584/karantenlap_hun.pdf) at the Hungarian border.

Be sure to keep this document, you will need it when your quarantine is over!!

If you did NOT receive this form at the border, you cannot be part of the process!
If you are NOT coming to Hungary this semester, you cannot be part of this process.

If you arrived before 21st September: You need to spend 14 days in quarantine
If you arrived on the 21st September, or after: You need to spend 10 days in quarantine

NON-EU STUDENTS:

To get out of quarantine before 14 / 10 days, you need two negative COVID PCR tests.
In order to leave your home for the COVID test, you need authorization.

To get this authorization, you need to do the following:

- Read the attached privacy policy (you don't need to send it back)
- Fill every blank space in the 'Power of Attorney' (be sure to include your postal code, floor, door number, etc. at your address!).

You CAN fill it in and sign it by computer, it will be accepted. You will need to attach it as an email and send it to me. **Copy-pasting it is NOT enough!! Here is a guide for Gmail users:**

- Also write me the DATE when you ENTERED Hungary
- You must already have booked appointments for BOTH Covid tests and you need to send me these dates as well!

! If you any of the above is missing or incorrect, we cannot send them to the government !

I will send you the authorization as soon as I get it from the government. Once you have it:
